*"Nerds, Preps, Jocks, Youtubers, Barbies and Outcast all the usual cliques are hungry for acceptance. The play is full of all the absurd stereotypes that poke fun at youth insecurities and lovingly examines the effects of peer pressure and group thinking. The students try to determine where they fit in, but eventually it is revealed that everyone wishes there were someone else (even the barbies and jocks). Lunchroom is a lighthearted play with a great message...**just be yourself**"*
